

**A LI YAA**

**ISLAND RESTAURANT & BAR**

For hundreds of years, Sri Lanka or contemporaneously known as *Ceylon* had been at the centre of the spice world trade in the Indian Ocean between the east and west. Steeped in its precious and highly sought-after spices - *cinnamon, curry leaves, cardamoms and cloves* - native to this island and introduced throughout the world.

Island cuisine is the application of these rich ingredients, influences and ingenuity from across the Orient. Most of our dishes have been passed down through generations for you to discover and experience the exotic flavours as how they were meant to be.
